

About

WESTEEL

Westeel has offered quality steel storage systems for over a century. Westeel's comprehensive catalogue of products includes on-farm and commercial grain handling and storage solutions for today's agricultural industry, as well as storage and containment systems to meet the needs of the petroleum, water and industrial sectors. Westeel has sales and engineering offices in Canada, the United States, Spain, Italy and India. Westeel is part of the Ag Growth International Inc. group

About

AGI

Ag Growth International is a leading manufacturer of portable and stationary grain handling, storage and conditioning equipment, including augers, belt conveyors, chain conveyors, grain storage bins, grain handling accessories, grain aeration equipment and grain drying systems. AGI has manufacturing facilities in Canada, the United States, the United Kingdom and Finland and distributes its product globally.
